3-D Computer Animation & Graphics

3D Magic Factory is an Austin, Texas based animation production studio that specializes in creating 3D Computer Graphics and Animation at affordable rates. We offer a wide variety of quality driven animation services in just about any format or style for broadcast, film, games, websites, product visualization, presentations and more.

Polite, Friendly & Personable Service

True Professionals with Hollywood Experience

Wow! this is so cool!

But can I afford it?

**How do I get
a Quote?**

**I want to know
more. What is the
animation process?**

Exceptional Quality - On Time and In Budget

We provide businesses like yours access to quality 3D computer animation and graphics with a unique perspective that brings your vision to life, combined with production strategies that save time and money. What sets us apart from most animation production studios is not just the work, but our business minded approach to animation with your perspective in mind. Our broad background in all kinds of animation production enables us to maximize your budget for the greatest impact. All it takes is the right production strategy and a whole-lotta creativity.

Our clients say it best:

"We gave 3D Magic Factory a very limited budget and an impossible deadline; yet the quality of their work and the turnaround times were beyond our wildest expectations."

The WOW Factor - Creating For Maximum Visual Impact

Creating imagery and animation that makes your project unique and memorable helps your project stand out in the crowd. We understand how to evoke real emotion that engages the viewer, embodies your vision, inspires your audience and accomplishes your goals. We skillfully and strategically implement the creative process that conveys The "WOW" Factor.

Our clients say it best:

"Spellbound. That's how I'd describe our reaction to seeing the magic that 3D Magic Factory delivered by bringing our unique 2D logo to life in the 3D universe. We were more than satisfied, we were excited."

Hollywood Expertise Texas Style

Our founders, Kerry Johnson and Pauline Saab, have more than 25 years of professional experience and the knowledge and insight necessary for an animation production studio to create just about anything imaginable. Every project we create is infused with hard earned Hollywood experience put to good use for every project that comes through our doors. But our service philosophy is as big as the Lone Star State: Personable, polite & friendly service, direct and honest, reliable, dependable, ALWAYS on time and in budget.

Tell Us About Your Animation Project

If you have an animation project ready for production, we need to understand your specific needs. We recommend that you call our studio and talk to us directly to facilitate the process. Our only objective at this stage is find out what you need, establish if you qualify for a proposal, and provide a possible solution. After discussing your needs we can generally provide the appropriate road map to get things moving in the right direction. Read more about what you need to tell us here.
